

## RATING SCALE. PEER-ASSESSMENT

You must evaluate each member of your group taking into account the different criteria. The score should be:

0 (never)

1 (sometimes)

2 (always)

|                                       | Criteria   | Member 1:..... | Member 2:..... | Member 3:..... | Member 4:..... |
|---------------------------------------|--|----------------|----------------|----------------|----------------|
| <b>Attitudes</b>                      | Ask other mates' opinions: What do you think about it? Are you agreeing?         |                |                |                |                |
|                                       | Listen carefully the comments of the mates and respect them.                     |                |                |                |                |
|                                       | Agree with other mates' suggestions: That's right! It's good! It's a great idea! |                |                |                |                |
|                                       | Show enthusiasm for project.   |                |                |                |                |
| <b>Responsibility</b>                 | Offer to compromise.   |                |                |                |                |
| <b>Contribution and participation</b> | Work hard in the project.  |                |                |                |                |
|                                       | Share the different parts of the task.   |                |                |                |                |
|                                       | Propose ideas to develop the work.   |                |                |                |                |
|                                       | Participate in the padlet.   |                |                |                |                |
| <b>Total score</b>                    |  |                |                |                |                |

Each member of the group can obtain till 2 points:

|       |          |
|-------|----------|
| 0-5   | 0 points |
| 6-11  | 1 point  |
| 12-18 | 2 points |
